ABOUT US

COSMOS DATA TECHNOLOGIES

Cosmos Data Technologies was founded by three industry veterans who saw an opportunity to provide a cutting-edge reporting, analytics, and data management solution that is designed for business users, not technical resources.

Cosmos is designed to be lightning fast, easy to use, secure, and fully cloud based via Microsoft Azure.

Our mission is to help users make data driven decisions.

Speaking of lightning fast...

48x

Our reports run 48x faster than other
Excel reporting solutions!
