

## Power Platform: Power Automate

<b>Duration:</b>	3 hours
<b>Delivery Method:</b>	Group Internet – Via Microsoft Teams Meeting
<b>Instructor(s):</b>	Innovia Power Expert
<b>Difficulty Level:</b>	Basic
<b>Description and Learning Objectives:</b>	
<p>Do you wish you had more time to think of new ideas to push your business forward? Are you, instead, spending time manually completing repetitive, monotonous tasks? Automating these time thieves is now easier than ever!</p> <p>Power Automate is built right into the Microsoft 365 Power Platform. It is a business process and productivity automation tool that allows you to connect to data sources rapidly and apply logic-based automation to them.</p> <p>After attending this class, you will walk away with a basic knowledge of the Power Automate UI and tools so that you can build flows to increase efficiency and automate business processes. This class is perfect for anyone looking to stop losing time on manual tasks, something everyone from a frontline worker to the CEO can use.</p>
